EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Board actions that violate the law will jeopardize the opening of school, risk cases and outbreaks in school that will warrant quarantines, school building closures, and disruptions in high-quality in-person learning. Given the unprecedented situation caused by the COVID-19 virus and its effect on students and schools in Washington State, emergency rulemaking is necessary to address local education agencies that willfully do not comply with health and safety requirements contained within Proclamation 20-09, et seq., or vaccination requirements contained within Proclamation 21-14, et seq.
